Pulaski Parks & Recreation Department

Fall & Winter / 2017

Our Mission:

The mission of the Pulaski Parks and Recreation Department has always been to provide the residents of not only Pulaski, but all of Giles County and its visitors with safe, enjoyable and recreational opportunities that enhance the quality of life.

We are in the business of empowering personal growth for people of all ages via innovative programming, evidence-based interpretive and educational services with responsible stewardship of the lands and open spaces, while working cooperatively with other organizations and agencies to provide needed leisure services and facilities for the community. Our commitment is to acknowledge with appreciation where we have been and venture to move forward from where we are to where we have set attainable goals and dare to dream...

There's ALWAYS Something Happening at The Rec, so Come Grow With Us!!
